Official Publication, Local 14, UAW

NOVEMBER 1, 2024

CAP COMMITTEE BY ANGELA JONES

Ohio Senator Sherrod Brown was able to take time out of his busy schedule to visit Local 14 UAW. Senator Brown proudly wears a pin depicting a canary in a birdcage. This pin represents when mineworkers used to take canaries down in the mines and if they stopped singing, they knew they had just minutes to get out. They didn't have a union that was strong enough to protect them. Senator Brown wears the pin to remind him of the progress we've made in changing our government and unions. It also keeps him mindful of all the work we still must do to make sure all workers are treated fairly.

A memorable moment at Local 14 for me was when Senator Brown gave me his pin, and, in this picture, you see him pinning it on my shirt. Thank you, Sherrod Brown, for all you do for the UAW members!

It is election time and if you are like me, you are tired of the phone calls and the commercials. Hang in there it is almost over! I give thanks to the phone bankers, post card writers, and door knockers this election cycle. I know you make a difference. Article 41 Section 3 of our UAW Constitution states that it is your duty as a member to vote. We don't tell you how to vote but we do have a list of endorsed candidates that you can locate at uawlocal14.org. We have election day off as a negotiated holiday, please exercise your right while the company pays you!

In Solidarity,
Angela Jones
CAP Chairperson

LABOR
DAY
PARADE

PRESIDENTS REPORT

BY TONY TOTTY

I hope this report finds you and your family well. As the year quickly comes to an end, I want to thank the membership for another great year. As we approach the holiday season, I will thank you in advance for your generosity for giving to the Toy's for Tots, Toledo News Boys, and the Angel Tree, and the food and toy drive at the retiree's dinner. We are very fortunate to be in the position we are, and this could not be done without our union. We also know the holiday season isn't filled with cheer for everyone. Please check on your friends and family to make sure they are okay.

Recently, U.S. Senator Sherrod Brown held a press conference at Local 14. He was here to talk about keeping Chinese made vehicles out of our country. He cited a security risk due to data concerns and wants to prevent them from entering in through Mexico using the USMC trade agreement to do it. We support those that support us. This support follows the long list of actions that Senator has taken on our behalf. The CHIPS act helped bring back semiconductor manufacturing to this country. This will help shore up our supply chain and reduce the layoffs we experienced recently. The Inflation Reduction Act encouraged battery facility production in this country and with our new agreement, it allowed our members from Lordstown to return home. The Pact Act helped Veterans that were around burn pits in war zones. The Butch Lewis act helped restore multi-employer pensions to their full amount for retirees. These are just some of the actions Sherrod was most recently associated with. This is in addition to walking our strike lines and always

Tony Totty - President

making his staff available to us for any issues our member's encounter. This is the most expensive senate race in U.S. history and the reason is, they want Sherrod out of office because he represents the working-class people too well. Please consider Sherrod Brown for Senate but vote no matter who your candidate is.

Lastly, next year on October 1st we will celebrate our 90th anniversary as a Local. Our Local has spanned the time during many important labor events. Our founders supported the Auto Lite workers in 1934. We were the first Local to strike Chevrolet in 1935. Our first President Bob Travis ran the Flint Sit Down Strike. The AP Parts strike made national news during its time. We supported countless strikes by other unions and banded together when our number was called to go out for ourselves. Our community is better because we are a part of it. Through these labor actions we negotiated better wages, benefits, and jobs security. This allows us to have our dignity in the workplace and in retirement. Thank you to every single UAW Local 14 Member for your contribution to this great union! We do not know what the future holds, but when we come together as Local 14 Members we will win.

In Solidarity,
Tony Totty
UAW Local 14 President

CHAIRMAN'S REPORT

BY JEFF KING

Brothers and Sisters,
In September I had the privilege of attending the Retiree Picnic. It was great seeing folks I had the pleasure of working alongside for so many years. I enjoyed reminiscing with you and look forward to seeing you again soon.

We are making progress on the Local Agreement Negotiations. The Membership submitted over 400 demands, and we have been negotiating these daily. It has been a slow process, for sure, but we have been making progress. I would like to add that, of the 52 General Motors facilities in the United States, only 5 have settled Local Agreements.

Every year I write a chairman's report and an article for the Union Progress cautioning the Membership that management is always trying to cut jobs. They call this "efficiency gains" but it's management trying to do more work with less people. Job cuts.

Every year I say the same things: Work to your takt time. Follow the JES and TIS. Don't take

short cuts. I say these things because, while the Shop Committee has been successful in fighting off many of these job cuts, we need your help. We can't stop management from cutting jobs if people are taking extra breaks. In some cases, members are showing management how to eliminate a job.

If you have an engineer out "observing" your job, please follow the JES to the letter. When you don't, it only helps them figure out how to cut the job.

The final topic I want to talk about is social media. There's a couple of different reasons so I'll get right into it. Be careful what you post, even on your own personal page. Management has a Social Media policy, and they have disciplined people for what they post if it has anything to do with General Motors, as a whole, or this plant, specifically. I am a big believer in freedom of speech but, unfortunately, that freedom does not supersede General Motors "conditions of employment" so please be mindful of that because management seems to have no shortage of time to be able to watch Facebook.

Facebook can be a great tool. When there are updates from the International Union or the corporation, I try to share those on the Members of UAW Local 14/GM TPS page quickly. The local standing committees use Facebook to promote events that they are organizing for the benefit of the membership. Like I said, it can be a great tool. Facebook is a great way to get an answer to a question you may have, as well. However, it shouldn't be used to place a committee call.

There is a process to place a committee call outlined in the National Agreement. Paraphrasing Paragraph 28, the members must take their issue up with their group leader. Paragraph 29, if the group leader can't fix the issue, then the member has the right to ask for the committee person from their district.

The Committee is very good about answering committee calls in a timely manner but there have been a lot of backlashes lately where people are saying their representative didn't come out to see them only to find out that the group leader never placed the committee call. If your Rep. hasn't been out to see you, instead of taking to Facebook, I encourage the members to call the Work Center and ask if their Rep. has received the call. This lets us know that the group leader is not following the National Agreement. There's a process when this happens, and we will be happy to follow it.

FINANCIAL SECRETARY REPORT

BY SUE RODGERS

The RBC Bank account balance on 9/30/2024, was \$2,890,770.80. The book value on 9/30/2024 was \$2,647,969.88, the actual value was \$242,800.92 higher than we can report in the Financial Statement. This is our unrealized gain, and if we cashed in our investments on 9/30/24, our payout would have been \$2,890,770.80.

Financial Secretary
Sue Rodgers

Residents within the City of Toledo should be receiving notice of a change in property value. Local 14 UAW did, and they are proposing an increase in property value of \$217,100.00. You do have an option to request a property value review, please do this! It's understandable that property values have increased, but to increase this all-in-one year is not the way to recoup tax dollars. In my opinion, they are going to drive businesses out of this city. Some of these increases are due to all the vacant buildings, more people working from home and pandemic money has come to a halt. Please call the Lucas County Auditor's office at 419-213-4406, and schedule a review of your property value.

The Local 14 Trustees performed the second quarter of 2024 audit, and no errors or omissions were found. Head Trustee Russ Pinkard reported to the membership that all deposits, checks, bank accounts and all other financial obligations were reviewed, finding all books and records in excellent condition. You will find a copy of this audit in the current Union Progress Paper.

The Halloween Trunk or Treat event will take place on Sunday, October 27, 2024, at the Oscar Bunch UAW GM Park. (Rain location: Local 14 Union Hall) There will be an inflatable obstacle course, pumpkins, hot dogs, snacks and lots of candy. We need volunteers to create Trunk or Treat stations in your cars or trucks, we will have an award for the best display. Please contact the union hall to sign up, we look forward to seeing you there.

The calendars are currently being worked on and should be ready by the second week of December. We are one of few Locals that have continued this tradition of giving out calendars to our members. We are truly very blessed to continue this.

CHAPLAINCY COMMITTEE

BY VAUGHN PATTERSON

It comes with great sadness to say we have lost another active member of Local 14 UAW.

Michael Thomas Rodriguez was a proud member of Local 14 UAW for 28 years. He was taken at a very young age of 55 years old. Mike left behind three beloved children and several family members that were his pride and joy.

Mike had a love for the arts through his passion for music and theater. He performed on stage throughout Northwest Ohio. He was an incredible

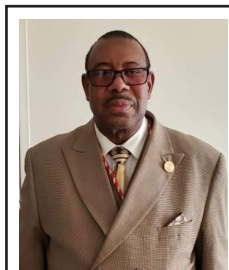

Michael Rodriguez

cook, known for his tamales and steaks. He took great pride in cooking for his family and friends.

Mike was an active member of the Rossford Fraternal Order of Eagles #2232, where he served as Trustee. He loved the Ohio State Buckeyes and Miami Dolphins and showed his passion to others.

Sometimes you learn more about a person after they pass than when they are working next to you every day. We truly will miss Mike and send our condolences and prayers to his family.

May God Bless You and Your Family,
Vaughn Patterson
Local 14 UAW Chaplain

Vaughn Patterson

LOCAL 14 UAW EDUCATION COMMITTEE

BY JIM MCGILL

Greetings Local 14 UAW Members!

I hope everyone had a great summer. To me, it seemed to fly by, and a lot has happened already to begin fall, as far as education goes.

- We recently held the second annual Oscar Bunch Golf outing fundraiser, which was very successful. This is one of the biggest fundraisers we do each year to help us award scholarships to college students who are family to Local 14 members and retirees. We couldn't do this without all your continued support toward these fundraisers, so on behalf of myself and the entire Education Committee, we say thank you! The planning has already started for next year's golf fundraiser, so look for a date to be announced soon.

- The Education Committee will be hosting a series of Understanding Grievances classes this fall. The region allows us to teach these classes as

Jim McGill

effective educators. So, if you are interested in taking these classes, please contact the union hall to sign up. As with UAW 101 and Core Values, we look to get as many members as we can into these classes because a portion of your dues pays into education.

- A short time ago, I had the opportunity to take several webinar courses through LUCA (Local Union Communication Association). One of the courses I took addressed social media strategies and an introduction to podcasting. The podcasts we have done in the past have been very effective and informative, so this is something I am hoping the Education Committee can bring back this fall.

- Last, but certainly not least, we are always looking for new members to add to and enhance our Education Committee. If you are interested, please do not hesitate to reach out to me. We will get you involved!

In Solidarity,
Jim McGill

Education Committee Chairperson

VETERANS COMMITTEE

Veterans Committee Report
By Kevin Stadelman

I would like to thank the Local 14 UAW membership for allowing me the opportunity to attend the 2024 Veterans Conference at the Black Lake conference center. There was a larger than ever turnout this year with nearly 300 attendees, veterans, and veteran supporters from as far away as Puerto Rico.

We learned valuable information from the visiting organizational speakers and the class-

work that support various issues concerning veterans, such as 22 a day suicide hotline, PTSD clinics and treatment programs, and the many chronic illnesses that affect veterans such as myself, since returning home from service.

We also had a history lesson with our Tuskegee Airmen, these were special guests who shared their stories and experiences with us. They had their own military style sense of humor that we all could relate to in the room!

Thank you again for this wonderful experience and I hope to be able to attend again in the future.

In Solidarity

Kevin Stadelman

Veterans Committee Report By Russel Blanding

I was very fortunate to attend the Veterans Committee Conference at Black Lake on August 11-16, 2024, and I thank the membership for sending me. We learned a lot about benefits, resiliency training and PTSD, for me this hit home. PTSD is posttraumatic stress disorder, a mental health concern that some people develop after seeing and or experiencing a traumatic event. There are four types of PTSD symptoms including reliving or experiencing the event, avoidance, hyper arousal or being on guard with negative changes, beliefs and feelings. If left undiagnosed or treated the veteran can succumb to their demons. PTSD can affect anyone, not just veterans, so please check on your fellow veteran and coworkers. A simple hello or how are you doing can go a long way. Conversation could help a person to seek the help they need. There are a lot of resources for veterans but sometimes they don't know how to access this help. The Veteran's Administration is a great place to get PTSD checked, so if you know a veteran that is struggling, please encourage them to go here.

I am my brother's and sister's keeper, and you should be too.

Russell Blanding

MEMBER SPOTLIGHT

Micki Ortyl is the focus of this Member Spotlight. Micki was hired by GM on September 27, 1961, and retired in 1996. He is a motorhead and was one of the founders of the Park and Shine car show in 1988. He along with Butch Tothes, Wayne Seger, Joe Fox, Lynn Saunders, Stephen Karalfa, Roger Grant (who MCed the event) and Bob Mackey (who produced the event). This event started with just 8 vehicles but grew quickly because of word of mouth. People would attend other local car shows and hand out flyers for the Park and Shine.

Micki's first vehicle he had in the show was a 1965 Nova. This year he proudly had his 1990 K5 Blazer which is the last year of that model. He really likes the variety of vehicles that enter the show each year. He said anything on wheels is welcome. From cars to motorcycles, people like to see what is made. Micki said in the 80's it seemed everyone had a hotrod. Nice weather also was the norm for the show, for some reason the weekend after Labor Day was the right date for great weather.

At the height of the event there was an estimated 2,000 vehicles that entered. GM dealerships took advantage of the opportunity and displayed new vehicles. The Center for Human Resources sent their UAW-GM semi-trailer that had NA-SCAR remote control vehicles. Live music entertained the crowd. There were also giveaways like a crate motor and cash raffles that kept the attendees engaged.

Recently, the Oscar Bunch Park was closed for four years. Micki, along with many other members

(especially the retirees), were very vocal about opening the park back up. They knew more than anyone how special the park is for our members and the community. There were countless events and memories made in the park. The main event that everyone looked forward to each year is the Park and Shine.

This year we brought the car show back as Park in the Park. It was a much smaller version of the Park and Shine. We did not want to confuse the two events. We did this smaller version because we had new plant leadership that did not know what our car shows are about. Once they saw what the park is capable of, they agreed to return to the Park and Shine starting next year in 2025. This could not have happened without the idea of the original 8 members and continued support of the workers of Chevrolet, Hydramatic, TTO, TPS and the community. Micki is happy that the event is back and wants to see it go far into the future. Thank you for starting a special tradition for our local and sharing your passion with us Micki!

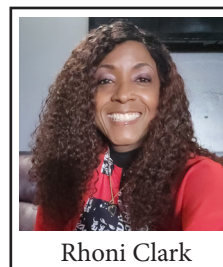

WOMEN'S COMMITTEE

BY RHONI CLARK

Thank you, membership, for sending me to the UAW Women's Conference in Chicago, IL. Being the Co-Chairperson of the Women's Committee and working diligently with our chairperson, to empower our members with new and fresh ideas, this conference was very important for me to attend.

Day one included many inspiring speakers: Chicago Teacher's Union President Stacy Davis Gates, Acting Secretary of Labor Julie Su, UAW President Shawn Fain, UAW Women's Dept Director LaShawn English, UAW TOP Director Laura Dickerson, Region 1 Assistant Director Ray Pecoraro, and Chaplaincy Department AD Jerry Carson. The information they brought to us was so inspiring!

The Women's Committee is selling shirts in October for Breast Cancer Awareness, please contact the union hall if you would like to purchase one. We are also putting together ideas for an

Rhoni Clark

upcoming dance in February and so many other events in 2025 to empower women and men.

Jim Pierson - 29.5 yrs

Hooray!

Dear Brothers and Sisters,
Hope everyone is enjoying this hot summer. Please make every effort to remain cool and hydrated. We are experiencing much cooler weather now as the fall is approaching, so let's enjoy it before the snow starts falling.

Henry McCoy

Thank you to the retirees that participated in the Labor Day parade. There are some labor leaders who do not want to continue having the Labor Day parade because of the lower turnout of members. I feel we are a labor city, and we must continue to show our solidarity by having this parade and this lets our city know that we are still here, and we must be recognized.

Local 14 UAW hosted the "Park in the Park" car show on September 8, all who attended had a good time enjoying the vintage and stylish cars brought to the show by our members. The plant manager of GM TPS was thoroughly impressed by the show and attendance. GM presented thousands of dollars to various charities and organizations. The plant manager promised a full "Park and Shine" will be back next year inviting the public and our members to the car show. Thank you to the retirees for their perseverance in having the park reopened and to all the leadership that was involved in making this happen.

The retirees had our picnic here at the union hall, even though the park has been reopened for use. The challenged retirees enjoy the parking lot surface over the grass in the park. Thanks again to the Shop Committee who helped cook and serve over 180 retirees who attended.

The Christmas party is planned for Thursday, December 12, 2024, to be held at the Premier Banquet Hall on Heatherdowns Blvd. We are looking forward to 500 members attending. Make sure you sign up at the union hall if you would like to attend.

We are having our last bus trip for 2024 to Firekeepers Casino on October 22, there will be a sign-up sheet at our October meeting. We are looking forward to having two trips next year.

This is an important election year for the President of the United States, make sure you get out and vote. I hope you will vote for the individuals that will represent our needs and will lead our country in a way that will unify us and not divide. We are a country made up of immigrants and I hope you will not be persuaded by false statements out there about immigrants. Your Voice, Your Vote, Please Vote.

Lastly, be safe out there.

In Solidarity,
Henry McCoy
Local 14 Retiree President
