8 SPEED – 2ND SHIFT WORK STOPPAGE

9/22/2023

Brothers & Sisters,

Today we were informed that the 8 Speed Second Shift will be impacted due to the Wentzville Strike. What this means is that the members that are impacted will be placed on leave due to no work being available. This is covered under Paragraph 118 of the National Agreement due to a labor dispute.

We have already contacted the International Union for strike benefits. This is NOT unemployment eligible.

We will notify you when a date has been identified to sign up. You must show up in person to register for these benefits.

We will NOT have a strike line outside of the facility for this event. We will let you know what your assignments will be when you register.

This includes any temporary workers that are impacted by this action.

In Solidarity,

Tony Totty, President
Local 14 UAW

Sue Rodgers, Financial Sec.
Local 14 UAW

Mike Bailey, Vice-Chairman
GM TPS Unit/Local 14 UAW
