

**988**  
SUICIDE  
& CRISIS  
LIFELINE

**In 2020, Congress designated the new 988 dialing code to operate through the existing National Suicide Prevention Lifeline.**

**The Substance Abuse and Mental Health Services Administration (SAMHSA)** is the lead federal agency, in partnership with the Federal Communications Commission and the Department of Veterans Affairs, working to make the promise of 988 a reality for America. Moving to a 3-digit dialing code is a **once-in-a-lifetime opportunity** to strengthen and expand the existing National Suicide Prevention Lifeline (the Lifeline).

Of course, 988 is more than just an easy-to-remember number—it is a direct connection to compassionate, accessible care and support for anyone experiencing mental health related distress – whether that is thoughts of suicide, mental health or substance use crisis, or any other kind of emotional distress. Preparing for full 988 implementation requires a bold vision for **a crisis care system that provides direct, life-saving services to all in need.**

SAMHSA sees 988 as a first step towards a transformed crisis care system in much the same way as emergency medical services have expanded in the US.

In pursuit of this bold yet achievable vision, SAMHSA is first focused on strengthening and expanding the existing Lifeline network, providing life-saving service to all who call, text or chat via 988. Longer term, SAMHSA recognizes that linking those in crisis to community-based providers—who can deliver a full range of crisis care services—is **essential to meeting crisis needs across the nation.**
