"Published for the people of GM Toledo Transmission and UAW Local 14"

SEPTEMBER 12, 2019

Denny Earl, president, UAW Local 14 and Eric Gonzales, plant executive director, Toledo Transmission Operations recognize five local nonprofit organizations in the Toledo community.

Park 'N Shine and the GM Corporate Giving Program

Leadership from GM Toledo Transmission Operations and UAW Local 14 presented \$50,000 in grants to support five deserving nonprofit organizations as part of the GM Corporate Giving Community Impact Grants Program. Organizations were recognized for the great work they are doing in the City of Toledo and surrounding communities. The recognition occurred as part of the 32nd Annual Park N Shine Car Show, which is supported by GM Toledo Transmission Operations and UAW Local 14.

Organizations recognized:

- Learning Club of Toledo
- University of Toledo College of Engineering
- National Association for the Advancement of Colored People – Toledo
- Connecting Kids to Meals
- Big Brothers / Big Sisters of Northwest Ohio

Looking at our Safety Trends during Global Safety Week

By Phil Kienle, Vice President of North American Manufacturing

With safety week upon us, I wanted to express my sincere gratitude to everyone who has embraced GM's safety vision:

"Live values that return people home safely. Every person. Every site. Every day."

As you know, we've been working diligently over the last several years on building a 24/7 focus on safety. I am proud to share some of our key safety accomplishments:

- We have developed a Global Workplace Safety comprehensive strategy that brings us closer to our vision for the future of zero injuries.
- We established a global standard for PPE to eliminate many of the most common workplace injuries.
- Since 2016, we have seen a 1/3 reduction in Lost Work Day Case and Recordable Injury Rates and a 30% reduction in total Incident Rate.
- In 2018, GM launched a new Safety Analytics Dashboard to access global performance data for analysis, replacing a patchwork of disconnected data collection systems.
- Last year, more than 40,000 people were trained in hazard recognition and over 10,000 leaders were trained in GM's risk assessment tools.

We can only build the safer, stronger GM of tomorrow by making a personal commitment to living our safety values and vision today. Together, we are building a stronger future for GM.

-Phil

NOTICE: Plant Renovations

WEST ENTRANCE WALKWAY RENOVATIONS:

Beginning Monday, 9/16/19, contractors will be working at the West entrance walkway. Work will consist of installing a non-skid floor at the top of the escalators, and cleaning of walls and stairway fencing. This work is going to be performed during weekdays. There will still be access to and from building, although some inconvenience to pedestrians. There will be signs posted showing directions of traffic daily, with contact names and numbers. Project is tentatively scheduled to take 2 weeks. Plan is to be completed for full pedestrian access by Monday, 9/30.

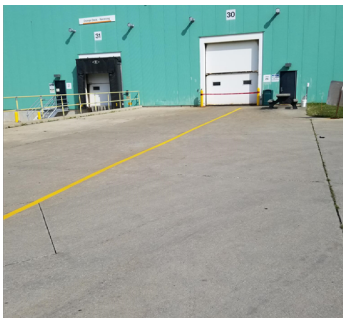

Designated Walk Path

From Orange Dock Area Exit to the Butler Building Entrance

(Exterior Building WPO and Safety Requirements)

To support WPO and Safety requirements, the PIV Committee has designated a walk path from the main building to the Butler Building - please use this path.

If you have any questions please contact the PIV Committee.
